Alternative Week

Should students require an extension due to illness or another unavoidable situation, they should speak with the Deputy Principal (Senior School) for approval.

Practical subjects have an ongoing practical component and students need to be present most lessons as they will have multiple opportunities to learn, practice and demonstrate skills.

^Certificate courses require students to complete ongoing assessment throughout each term monitored by their teachers. All work requiring submission will be requested by week 9 so a progress report can be collated for reporting.
