NOTES:

There may only be your *Student Timetable – Weekly* showing in the *Available Reports* list, of depending on your year level you may see you SET Plan or other reports. In this document we are only interested in your Timetable. You also may or may not see the Student Resources on the right hand side. It doesn't matter if you do or don't at this stage.

Click on *Student Timetable Weekly* and your timetable will open up in a new window.

It is important to understand that at the start of the year we receive many enrolments each and every day. To accommodate a growing enrolment, teachers coming and leaving and dealing with class choice clashes, it is sometimes necessary to make changes to our existing staff and student allocations. We hope you appreciate that we do our best to avoid or to minimise any disruption.
